Eligibility

The SMART-MTA Health and Insurance Benefits Trust Fund provides dental coverage for operators and their families. The Trust Fund will advise you of the eligibility requirements. For full-time operators, eligible dependents include your spouse (unless divorced) and dependent children up to the age of 26. Any child who continues to be both (1) incapable of self-sustaining employment by reason of a mental disability, including but not limited to, mental illness or a physical disability or a combination of those disabilities and (2) chiefly dependent upon the subscriber or member for support and maintenance is also eligible for coverage as a dependent. Dental Health Services may require proof of the above, which you must furnish within 60 days of such a request (Dental Health Services will provide notice at least 90 days prior to the date the child attains limiting age). Copies of marriage certificates for spouses, birth certificates children, and other documentation may be requested by your Trust Fund prior to eligibility. Failure to supply any necessary verification by your Trust Fund verification may result in termination of eligibility.

Beginning Coverage

You may enroll by completing your enrollment form and submitting it to the Trust Fund for processing. Make sure you list on your form the participating dental office number from which you wish to receive services. Your coverage always begins on the first day of the month you become eligible. Your open enrollment period is usually held in October of each year with changes effective the following January 1.

Newly acquired dependents become eligible immediately, but they must be enrolled within 60 days of acquisition. Newborn children are covered from birth but must be enrolled within 60 days of birth to continue coverage.

Your eligibility is determined by the Trust Fund. If your eligibility is approved by the 10th of the month, your coverage begins on the first day of the current month. If your eligibility is approved after the 10th of the month, your coverage begins on the first day of the following month.

If you are in the middle of acute dental care when your coverage begins, please contact your Member Service Specialist at 866-644- 5444 to assure continuity of care. You may also request a copy of the Dental Health Services policy describing the process for continuity of care, including review of request to continue care with your existing dentist.

Choosing Your Dentist

Please read the following information so you will know from whom or what group of participating dentists you may receive care.

Covered services are only provided by dentists who are contracted with Dental Health Services. Please select one of the dental locations from the Dental Health Services Website as your “Selected Dental Center” and include the participating dental office number on your enrollment form. If you do not select a participating dentist at enrollment, please call Dental Health Services Member Services Department at 866.644.5444 to request a change. Members can now select the Split Facility option which allows enrollees from the same family to receive care from multiple participating dental offices.

Our participating dentists are compensated by periodic payments based on membership and/or supplemental copayments based on procedures completed. Financial bonuses or incentives for performing or withholding clinically acceptable services are not used. If you wish to know more about these issues, you may request additional information from Member Services, or your Dental Health Services contracted dentist.

All dental care is received from your selected participating dentist, except in the case of an out-of-area emergency, or if you are referred to a specialist.

If you wish to change the participating dentists for you or any of your dependents, simply contact Dental Health Services at 866. 644.5444.

Requests received by the 10th of the current month, will be eligible on the 1st of the month. If received after the 10th, you will be eligible on the 1st of the following month.

Making an Appointment

Advance appointments are required for all dental services except emergencies. Dental offices set working days and hours independently. Please contact your participating dental office to verify their working hours.

You may make an appointment with your selected participating dentist as soon as you receive confirmation of your eligibility. Routine appointments will be scheduled within a reasonable time. Your plan covers care provided only by your selected participating dentist, except in the case of an out-of-area emergency, when covered benefits to relieve pain, bleeding, or swelling will be provided.

Please keep your appointment. If you need to cancel, please call as soon as you realize that you will not be able to keep your appointment. If possible, call your participating dental office at least 24 hours prior to your scheduled appointment time. For your Participating Dentist's or Specialist's appointment cancellation policy and procedures, please contact the dentist office directly.

If treatment authorization is denied, you may contact Dental Health Services or your Trust Fund (see *Grievance Process*).

Facilities

Each participating dental office establishes its own policies, procedures, and hours. Please call your Selected Dental Center for specific hours of operation. All participating dental offices are expected to maintain 24-hour emergency communication accessibility. Once you select a Dental Health Services participating dentist, you will not be covered at other dental facilities except for emergencies. SMART-MTA Flyers on "How To Find Dentist Online" are available from your Trust Fund or any Dental Health Services' Member Service Specialist.

Treatment Authorization

Dental Health Services works closely with our Participating Dentists to deliver quality dental care and to protect our members. Authorization and utilization management specialists verify eligibility, authorize services, and facilitate the delivery of dental care to Members. Services are authorized based on the benefits, Limitations, and Exclusions listed in each plan's Evidence of Coverage booklet.

Specialty services, if covered by your plan, require pre-authorization by Dental Health Services. The pre-authorization should be requested by your Participating Primary Dentist. Your treatment is approved and rendered according to your plan benefits. If treatment authorization is denied, you have the right to Appeal the Adverse Determination through the Grievance process.

Authorization, Modification, or Denial of Services

Dental Health Services does not make authorization decisions based on medical necessity. Decisions to approve, delay, modify, or deny care, are based on the following criteria:

- Member eligibility for services.
- Benefits are a covered service of the Member's plan.
- Dentists selected to provide services are in-network or are approved out-of-network providers.
- Status of any applicable maximums.
- Requested submission of necessary clinical documentation.
- Submission of proper procedure coding.
- Accurate submission of referral as explained in the Provider Manual

If Dental Health Services is unable to complete a review within the required time frame, it will immediately, upon the expiration of the required time frame or as soon as the plan becomes aware that it will not meet the time frame, whichever occurs first, notify the dentist and Member in writing:

- That we are unable to make the decision within the required time frame because the plan does not have all reasonably necessary information requested or requires an expert consultation or additional examination;
- What specific information has been requested but not received, or any additional examination or test required, or specifying the expert reviewer to be consulted; and
- Of the anticipated date when a decision will be made (notice to Member only).

Concurrent care will not be discontinued until the provider has been notified of the decision and a plan of care has been agreed upon for the Member. Pre-authorization is not required for emergency or urgent services. Please see the Continuity of Care and Emergency Care sections in this document for specifics.

Emergency Care: In-Area

Palliative care for emergency dental conditions in which acute pain, bleeding, or dental infection exists is a benefit according to your *Schedule of Covered Services and Copayments*.

If you have a dental emergency and need to seek immediate care, first call your Selected PCD. Participating dental offices maintain a 24-hour, 7 days a week, emergency response accessibility and triage. Your Selected PCD will arrange an appropriately scheduled appointment based on the medical/dental necessity of your emergency condition, not to exceed 72 hours. If your Selected PCD is not available to see you within a reasonable time as medically necessary, call your Member Services Specialist. If both the Selected PCD and Dental Health Services cannot be reached, you are covered for emergency care at another Dental Health Services' participating dentist or from any other dentist. You will be reimbursed for the cost of emergency palliative treatment less any copayments that apply. Contact your Selected PCD for follow-up care as soon as possible after the emergency treatment. If you have a medical emergency, you should get care immediately by calling 9-1-1 or going to the nearest hospital emergency room.

Emergency Care: Out-of-Area

Out-of-area emergency care is emergency palliative dental treatment required by an enrollee when more than 50 miles

from any Dental Health Services' participating dental center. After your copayments are deducted, your benefit includes up to \$50 per enrollee, per incident, with a \$100 annual maximum per family. You will need to submit an itemized receipt from the dental office that provided the emergency service, along with a brief explanation and your member number, to Dental Health Services within 180 days. After 180 days, Dental Health Services reserves the right to refuse payment.

Copayments

Copayments are your portion of treatment costs for certain services described in the *Schedule of Covered Services and Copayments*. You are responsible for the copayments for services provided to you and your family. Copayments are payable directly to the dentist when the service is rendered (unless other arrangements are made with the Selected Dental Office).

Quality Assurance

We're confident about the care you'll receive because our participating dentists meet and exceed the highest standards of care – standards demanded by our Quality Assurance Program. Before we contract with our participating dentists, we visit their offices to make sure your needs will be met. Dental Health Services Professional Service Specialists regularly meet and work with our participating dentists to maintain excellence in dental care.

Liability of Subscriber for Payment

You will be liable for the cost of non-covered services performed by a participating dentist and for services performed by a nonparticipating dentist (unless previously approved by Dental Health Services).

Any service not listed in the Schedule of Covered Services and Copayments is considered a non-covered service, and you will be fully responsible for the cost of all such service you may have agreed to.

Experimental or Investigational Services as defined in the glossary section of this EOC are not covered services under

this dental Plan. For a complete list of the Exclusions and Limitations of this dental Plan, please refer to the Schedule of Covered Services and Copayments.

You are not liable for any sums owed by Dental Health Services to a participating dentist.

IMPORTANT: If you opt to receive dental services that are not covered under this plan, a participating dentist may charge you his or her usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered benefit, the dentist should present to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about dental coverage options, you may call Member Services at 866-644-5444 or contact your Trust Fund at 213-624-6487 or 626-962-1762. To fully understand your coverage, you may wish to carefully review this Evidence of Coverage document.

Optional Treatment

Occasionally, optional upgrade services or elective cosmetic-type treatment may be recommended and/or desired. If you choose a more expensive elective treatment in lieu of a covered benefit, the more expensive, **elective treatment is considered optional**. You are responsible for the cost difference between the covered and optional treatment on a fee-for-service basis.

If you have any questions about optional treatment or services you are asked to pay additional for, please contact your Trust Fund or Dental Health Services Member Service Specialist **BEFORE** you begin services or sign any agreements.

Adverse Determinations

If all or part of the claim for your services is denied, Dental Health Services will notify you in writing of this Adverse Determination. The notification will include the actual reason(s) for the determination, and the instructions for

obtaining an Appeal of the decision through the Grievance process.

If you wish to Appeal the Adverse Determination of your Urgent Care pre-authorization, a decision regarding your Appeal will be made within seventy-two (72) hours. The result of your Appeal will be communicated to you by phone/oral notification as well as written or electronic communication.

Treatment of dental emergencies is limited to treatment that will alleviate acute symptoms and does not include any curative treatment or treatment that can be safely postponed.

Routine teeth cleaning (prophylaxis) is limited to once every 6 months unless additional cleanings are recommended by your dentist. Full mouth x-rays are limited to one set every 3 years if needed.

Covered specialist referrals must be pre-approved by Dental Health Services.

Fixed bridges are not a benefit for patients under the age of 16, in the presence of non-supportive periodontal tissue, when edentulous spaces are bilateral in the same arch, when more than four teeth in an arch need to be replaced, to replace missing third molars, or when the prognosis is poor.

Services that do not follow Dental Health Services' Benefit Guidelines included in your Trust Fund's Group Service Agreement.

Periodontal scaling and root planning is limited to four quadrants every 6 months and periodontal surgical procedures are limited to four quadrants every 2 years.

Second Opinions

Second dental opinions are a covered benefit and will be approved. Please contact Dental Health Services Member Services if you wish to arrange for a second dental opinion. Appointment arrangements will be made within 5 days for routine second opinions, within 72 hours for serious conditions and immediately for emergencies.

Continuity of Care

If you are in the middle of treatment and your current participating dentist is terminated or you are joining Dental Health Services as a new enrollee, you may have a right to keep your current dentist for a designated period of time. Please contact your Member Service Specialist at **866-644-5444** or **Membercare@dentalhealthservice.com** for assistance and to request a copy of Dental Health Services' Continuity of Care Policy.

NEW MEMBERS

You may request continuation of covered services for certain qualifying conditions from your non-participating dentist. Your request must be made within 30 days of enrolling. If a good cause exists, an exception to the 30-day time limit will be

considered. Dental Health Services, at the request of an enrollee, will provide the completion of covered services for treatment of certain qualifying conditions if the covered services were being provided by a non-participating dentist to a newly covered enrollee at the time his or her coverage became effective. This policy does not apply to a newly covered enrollee covered under an individual subscriber agreement.

CURRENT MEMBERS

You may request continuation of covered services for certain qualifying conditions from your participating dentist in the event that dentist's contract is terminated. Dental Health Services, at the request of an enrollee, will provide the completion of covered services for treatment of qualifying conditions if the services are provided by a dental office that is no longer contracted with Dental Health Services. Your request must be made within 30 days of enrolling. If a good cause exists, an exception to the 30-day time limit will be considered.

QUALIFYING CONDITIONS

The enrollee has a right to complete covered services if his or her condition falls within one of the qualifying categories listed below:

- Completion of covered services shall be provided for the duration of an acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and has a limited duration;

Completion of covered services for an enrollee newborn child between birth and age 36 months, not to exceed 12 months from the contract termination date for current enrollees or 12 months from the effective date of coverage for a newly covered enrollee;

- Performance of a surgical or other procedure that is authorized by the plan as part of a documented course of treatment and has been recommended and documented by the dentist to occur within 180 days of the dentist's contract termination for current enrollees or 180 days from the effective date of coverage for newly covered enrollees;

All services are subject to Dental Health Services' consent and approval, and agreement by the terminated provider,

consistent with good professional practice. You must make a specific request to continue under the care of your current dental provider. Dental Health Services is not required to continue your care with the dental office if you are not eligible under our policy or if we cannot reach agreement with the dentist on the terms regarding your care in accordance with California law. If you have further questions, you are encouraged to contact the Department of Managed Health Care (DMHC), which protects HMO consumers, by telephone at its toll-free number, **888-466-2219**, at a TDD number for the hearing impaired at **877-688-9891**, or online at www.dmhca.ca.gov.

Coordination of Benefits

Benefits of this dental coverage will be coordinated with the benefits of any indemnity dental coverage that you may have. This plan does not coordinate benefits with other prepaid plans. The total payments by all the programs or policies involved will not be greater than the total cost of services rendered.

Termination of Coverage

Coverage of an individual member may be terminated for any of the following reasons:

- Termination of the agreement with the Trust Fund;
- Failure of a member to meet the eligibility requirements;
- Failure of the subscriber to pay applicable copayments when due;
- Material misrepresentation (fraud) in obtaining coverage;
- Permitting the use of a Dental Health Services membership card by another person, or using another person's membership card to obtain care to which one is not entitled;
- Failure to establish a satisfactory dentist/patient relationship with a Dental Health Services dentist as determined by the inability and/or refusal of two different Dental Health Services dentists to treat the member;
- Failure of the Trust Fund to pay premium in a timely manner;
- Failure to observe civil behavior in dealings with the

plan or dentists.

Coverage for a subscriber and their dependents will terminate at the end of the month during which the subscriber leaves the employment of the company or otherwise ceases to be eligible for coverage, except for any of the reasons above, when termination is immediate. In the event coverage is terminated, the member shall become liable for charges resulting from treatment received after termination.

Termination Due to Nonpayment

Benefits under your plan depend on premium payments staying current. Enrollment will be cancelled as of the last day for which payment has been received, subject to compliance with notice requirements. Any service(s) then “in progress” will be completed within 30 days with the member’s cooperation. Member will remain liable for the scheduled copayment, if any. We encourage you to make individual arrangements with your dentist for continuing the diagnosed services if group benefits are terminated.

Renewal Provisions

The group contract may be extended or renewed from year-to-year after its initial period by the execution and exchange of an official communication between Dental Health Services and your Trust Fund. The renewed contract will reflect any changes in terms and/or conditions as agreed upon by Dental Health Services and your Trust Fund. This may affect your copayment and/or premium fees. You may obtain information about these charges, if any, during your open enrollment period or by contacting your Member Service Specialist at **866-644-5444**.

Individual Coverage

Your coverage ceases on the last day of the month in which you are eligible and for which premiums have been paid. When membership ceases due to loss of eligibility, you may join Dental Health Services’ SmartSmilesm Individual Dental Plan, without evidence of acceptability, by contacting your Member Service Specialist. Dental Health Services will issue an individual membership plan application. The effective date of individual coverage shall commence at the time the group membership coverage ends if timely premium is

received. You may call Member Services for more information about individual dental plans. Your Member Service Specialist will be happy to help you!

COBRA (Consolidated Omnibus Budget Reconciliation Act)

If you qualify for continuing coverage through COBRA, Dental

Health Services can provide ongoing benefits through your Trust Fund. Please contact your Trust Fund or Dental Health Services for additional information.

COBRA DEFINITIONS

Continuation Coverage: extended coverage under the Dental Health Services Dental Plan in which an Eligible Employee or Eligible Dependent is currently enrolled, or, in the case of a termination of the dental plan or an employer open enrollment period, extended coverage under the group dental plan currently offered by the employer.

Eligible Employee: a person eligible to participate as a subscriber in the Dental Health Services health plan contracted by his/her employer.

Eligible Dependent: a person, other than the covered employee, qualifying for coverage as an enrollee under the terms of such a group contract.

Qualified Beneficiary: any individual who, on the day before the occurrence of a “qualifying event” is an enrollee in a Dental Health Services dental plan and has one or more of the following occur:

- Death of the covered employee;
- Loss of eligible employee status by termination or reduction in hours of employment, except that termination for gross misconduct is not a qualifying event;
- Divorce or legal separation of the covered employee from the covered employee’s spouse;
- Loss of dependent status by an enrollee who is a dependent;
- With respect to a covered dependent, the covered employee’s entitlement to benefits under

Medicare.

If you are eligible as a qualified beneficiary and desire continuation of coverage with Dental Health Services, you must request the continuation of coverage in writing. In order to qualify, Dental Health Services must receive the notice within 60 days following the latter of:

- The date your coverage under the Dental Health Services dental plan terminated or will terminate by reason of a qualifying event, or
- The date you were sent notice from Dental Health Services, or from the Trust Fund, setting forth necessary premium information, enrollment forms and other information necessary to allow you to formally select continuation of coverage.

If you elect continuation of coverage, you must pay the appropriate premium to the Trust Fund within 60 days from the date you gave notice of your election to continue coverage. Your payment must equal an amount sufficient to pay all premiums due at that time. Failure to submit the correct premium amount within the 60-day period will disqualify you and your dependents from receiving continuation of coverage.

If you are a qualified beneficiary and receiving continuation of coverage from a dental plan, and if that coverage terminates because the dental plan contract with your Trust Fund is terminated, you may continue coverage under the successor plan for the balance of the period that you would have remained covered under the terminated plan. However, continuation coverage shall terminate if you fail to comply with the requirements pertaining to enrollment in and payment of premiums to the new dental plan within 30 days of receiving notice of termination of the prior dental plan.

Dental Health Services may contract with your Trust Fund to perform administrative functions in connection with continuation coverage. If you experience a qualifying event, you should, as a precaution, send the required notification to both Dental Health Services and your Trust Fund.

If you have any questions concerning continuation coverage, you may contact your Member Service Specialist at **866-644-5444**.

Grievance Process

A Grievance is a written or oral expression of your dissatisfaction regarding Dental Health Services and/or a Participating Dentist, including your concerns about quality of care. Complaints, disputes, requests for reconsideration or Appeal made by you or someone who is authorized to represent you on your behalf are all considered Grievances.

You should, but it is not required, first discuss any Grievance regarding treatment or treatment costs with your Participating Dentist. For assistance, you may contact your Member Services Specialist by calling 866-644-5444, mailing a letter to

Member Services, Dental Health Services, 3780 Kilroy Airport Way Suite 750, Long Beach, CA 90806, or by emailing grievanceweb@dentalhealthservices.com.

You have one hundred-eighty (180) calendar days following any incident or action that is the subject of your dissatisfaction to file your Grievance.

Grievances are addressed immediately and responded to in writing within five (5) days. Every effort will be made by Dental Health Services to resolve Grievances within thirty (30) business days of receiving the Grievance or notification. Urgent Grievances are addressed immediately and responded to in writing within three (3) calendar days. Should you be unhappy with the decision, you may request a review by notifying Dental Health Services in writing.

Voluntary mediation is available by submitting a request to

Dental

Health Services. In cases of extreme hardship, Dental Health Services may assume a portion or all of a Member's or subscriber's share of the fees and expenses of the neutral arbitrator.

If you choose to dispute an Adverse Determination of a preauthorization or a claim for a procedure that has been denied, modified, or delayed in whole or in part due to a finding that the service is not Medically Necessary, you may seek an Independent Medical Review with the Department of Managed Health-Care within 180 days of exhausting the Grievance process.

The following is the exact language and notice as required by the DMHC (Department of Managed Health Care) and it is important to note that, although this refers to "Health Plans," it also includes your dental plan.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a Grievance against your health plan, you should first telephone your health plan at 866-644-5444 and use your health plan's Grievance process before contacting the department. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by your health plan, or a Grievance that has remained unresolved for more than thirty (30) days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, Coverage decisions for treatments that are experimental or investigative in nature and payment disputes for emergency or urgent medical services.

The department also has a toll-free telephone number (1-888-466-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's internet website <http://www.dmhc.ca.gov> has complaint forms, IMR application forms and instructions online.

Cancellation Grievance Process

If you believe your Plan coverage or contract has been or will

be improperly canceled, rescinded, or not renewed; you have at least 180 days from notice of cancellation to file a grievance with

Dental Health Services or the Department of Managed Health Care.

Dental Health Services will treat such a grievance as an 'urgent grievance' providing you and the DMHC with an acknowledgement within three (3) calendar days of the receipt of such a grievance.

If the DMHC determines a proper grievance exists, the DMHC will notify Dental Health Services within two (2) business days that the complaint is a proper grievance. Within one (1) business day of the receipt of this notice from the DMHC, Dental Health Services shall provide a copy of all information used to make its coverage cancellation decision with the DMHC.

The DMHC will deliver their final determination to you and Dental Health Services within thirty (30) calendar days or at their discretion.

For additional information, please contact the Dental Health Services Member Services department or your Trust Fund administrator.
